Venetta Snyder Candidate For School Board Committee

Venetta Snyder, candidate for the Agawam School Committee today called for more interest and concern in present and future educational needs and demands stating, "All townspeople should

erty. They supervise the planning of new school construction and the spending for all school operations. They employ a large teaching and supporting staff. Above all they decide the code of conduct and material that is to be taught in our schools."

Mrs. Snyder further states, "My long experience in working with today's youth and my participation in organizations concerned with new trends and studies in education has created an awareness of the many complex problems facing our present day School Board. Therefore I stress how imperative it is that formal written codes of policy and procedure should be initiated and

be completely aware that a School Board derives all their powers from the State Legislature and not from any governing authorities of the town. In the exercising and performance of their powers and duties they act as public officers and not agents of the town.

Fassnacht Candidate For School Board Seat States Qualifications

Robert A. Fassnacht of 1165 River Road, a candidate for the School Committee on the Democratic ticket, today issued the following statement:

"I appeal to the voters of Agawam to consider electing to the school committee one who is qual-

ified to work with young people and their parents. Since so much of the business of the school committee involves direct association with young people, the voters should elect someone who has had the necessary experience and background for the job.

"For eight years I served as a classroom teacher and a coach at Agawam High School, and I am presently assistant principal in the East Longmeadow school system. My entire professional background has been geared to schools and their problems.

"It is the young people of Agawam, their parents, and taxpayers interested in the school budget, who have been the heart of my campaign. These people are

AROUND THE LODGE

Our lobsters, clams, etc., must be good as the same people from Chicopee Lodge #1849 were down to see us again... many thanks to the folks that manned the kitchen.

After a long absence we finally saw Lynn and Bob Groux again... glad to have you back, folks.

"Good Luck" to Lou and Karen Robert who purchased a new home on Burford Ave., West Springfield... use it in good health.

Sorry to hear that Terry Gebo, wife of George, has been ailing. She's recuperating at home in Conn.

It was a happy adroit crowd of about 65 children of all sizes that laughed and played their way thru the Halloween Party on Oct. 30. The "Ghost Walk," a brain child of Shirley and Mike Fydenkevez's alarmed and frightened some, terrified others but then the timid grew bold and brave and reckless and went thru it many times again. The traditional bobbing for apples, and trick or treat games started off the evening. Decorations were in pumpkins, corn, cats, ghosts, scarecrows and witches on their brooms which turned the room into a delightful spot for the camera minded. At one time in the evening all the lights were put out and the children sat in a circle holding hands for story telling. Our story teller was Anna Bissonnette, dressed as a witch, read her stories by flashlight. Helped by two able assistants, Mrs. John Higgins and Mrs. George Perry equipped with rattling chains, whistles, water, cracking stairs, slamming doors, horse hoofs and screams, she frightened the young and fascinated the older ones. Judges Paul Frano, Bud Baker and Pete Juliak had a hard time selecting Dawn Marie Hood, Bryan Ryan, Janice Kane, Kathleen Fogarty, Jerry Kane, Shawn Kane, Elizabeth Ramsey, Timothy Ryan, John Ramsey and Janice Presz for the prizes as there were so many morbid, horrible and glamorous faces and costumes. The cutest baby witch was Shawn White. Chairman Mike wishes to thank everyone who helped in any way, and we wish to thank them.

PANCAKE AND SAUSAGE BREAKFAST

Go to church at St. Theresa's, St. John's or any church of your choice BUT eat BREAKFAST at

the Lodge, Sunday, Nov. 9, from 9 a.m. till 12 noon.

Chairman George Gebo plans juice, pancakes, sausages and coffee for 99c for adults and 50c for children. Let your family meet friends here and enjoy a nice hot meal that mother DIDN'T have to cook. Call it MOTHER'S DAY in November...

HARVEST SHUFFLE

Plans are fast shaping up for the Harvest Shuffle on Saturday, Nov. 22. Several sub-committees, have been appointed to care for the details of the party. George Gebo, who is the November Entertainment Chairman, said the program will include music, prizes and dancing. Dinner of turkey, gravy, mashed potatoes, squash, dessert and coffee will be served for \$1.75 between 7-9 p.m. and dancing from 8-12 p.m.

Entertainment (1969 - '70) Chairman Wil Bissonnette has named Brian Aster-Ferraro as the December Entertainment Chairman with Don Curran planning the Christmas Party; Sam Smith as the January Chairman is planning a gala Anniversary Dinner. February is Bissonnette's month and something is planned for Valentine's Day. Each Chairman may choose his own co-chairman and committees. (More on this later)

Any Moose member wishing to help Art LaBelle, Community and Civic Chairman, with the Cub Scout Pack #576 or the Agawam Citizens Organizations may reach him at 55 Walnut St., Agawam.

Good luck to Ethel on the opening of a Card and Gift Shoppe on Springfield St., Feeding Hills... everyone knows Ethel as the Governor's wife.

Agawam Knights Elect Officers

The Agawam Knights, Inc., met at the President Kennedy Council Knights of Columbus home at South St., on Oct. 30th, and elected the officers to direct the Council building activities for 1969-'70.

Elected as President was Richard Niles; Emile Grenier, vice-president; Stephen Olivio, treasurer; Bernard Tatro, clerk; and Emile Sciartelli, Wylly Brame, Irving LaFluer, directors for three years.

Mrs. Snyder states, "there are still openings in some troops and any girl interested should contact the proper person listed above." She further states, "Girl Scout policy makes it impossible to guarantee scouting to any girl unless qualified leadership is obtained. We are always in need of interested adults. We have openings for any women over 21 married or single. Anyone wishing to give a helping hand to today's youth may contact me or any of the Service Area Chairmen."

utilized. I firmly believe these codes should include not only statements of policy adopted by the school board, which defines the aims of the schools, but should also set forth the board's outline of how the board intends to accomplish them."

She continues, "The Administrative regulations which concern such things as personnel practices, procedures, rules and regulations, if committed to writing would tend to build and maintain less confused personal relations. I strongly believe a written code would insure the continued competence of a school board because nothing is then left to the memory of a few, or the wasting of time to reach an agreement of a once adopted policy. Written codes can and should be reviewed and up-dated periodically keeping the code in line with re-appraisals of school programs and new decisions on procedure. I urge all townspeople

A Boy's Best Friend

One of the organizations which has had a great deal to do with creating some of the most important things that are right about our nation has been the Boys' Clubs of America. Founded 109 years ago, this movement has grown until it now offers companionship, guidance, sports and educational opportunities to well over 750,000 boys from 7 to 17, who belong to more than 750 Boys' Clubs established in every part of the United States. Each club is supervised by full-time salaried professional career youth workers, who are dedicated to the work of providing boys "A place to go... a way to grow."

Boys' Clubs provide professional assistance to boys who need a hand in establishing worthwhile goals in life and some motivation and encouragement in reaching them. It is a remarkable fact that this movement is entirely dependent on public support, receiving no federal, state or municipal operating funds. The organization's goal of establishing one thousand clubs to help a million boys is made more difficult of achievement by the fact that too few people are really aware of the full scope of the Boys' Clubs of America, how clubs may be organized and what they can mean in giving the youth of practically any community, large or small, a real lift among the way when they may need it most.

Boys' Clubs are among the things that are right with America. They deserve the broadest national recognition, as well as the support and interest of more concerned individuals and organizations in every one of the 50 states.

Frank Chriscola . . .

As a former Selectman, a long time home-owning resident, a businessman and a large taxpayer, I have a good knowledge of the tax rate situation not only in Agawam, but throughout the area, and I know that the increase or decrease of tax rates is the result of many factors, mostly beyond the control of the Selectman's office, and certainly not the responsibility of any one person.

Connolly has initiated or strongly supported many pro-

grams now in effect or about to materialize which will help us "catch up" with our population explosion in Agawam, with the need for services in newly developed residential areas, and will continue to support our present strong Industrial Development Commission in order to broaden the tax base, thereby providing property tax relief.

He has always conducted an open door policy in the Selectmen's office in a non-partisan manner, and honestly tried to help all the people instead of a chosen few.

I urge all the voters to consider the full benefit to the Town of Agawam which can result by re-electing Ed Connolly to the office of Selectman."

"It is to you, the voters of Agawam that I owe a debt of gratitude and it has been an inspiration to me that you extended the top vote in the school campaign race in the recent caucus. I again appeal to you who are concerned with the problems confronting our young people to elect a man who will have these problems uppermost in his mind."

SPORTSMEN'S CORNER

By BILL CHIBA

Nov. 10, 1969 is the big day! The pre-season for hunting deer with the bow and arrow commences in Massachusetts . . . the prospects look good. Soapy Balboni and I scouted wide and handsome last Saturday throughout the Berkshires and the deer sign is most significant. In fact, in some of the areas we covered, the sign was more abundant than I had seen in Vermont during the week of bow season I spent there. Granville very good; Tolland excellent; Monterey really hot; Sandisfield hot; Blandford and Becket, good; and Chester very good. We were surprised at the little amount of sign of white rabbits in very good cover. Soapy's dog only ran one jack the entire day. Partridge and wood-

cock were very scarce. The lack of partridge in what we consider good covers this time of year, does not always mean that there are no partridge in the areas. Partridge, I have discovered, will feed exclusively during most of the day in the hard woods when there is a good mast crop of beech nuts, then fly at dusk back to the apple trees or orchards nearby. They seem to like to roost for the night in the apple trees.

Back to the bow season. You will need a bow stamp and that is obtainable at the town clerk's office for \$1.10. You must have your name, address on your arrows, and your bow must be 40 pounds pull at 28 inches. Under that and you are in trouble. Leave your guns home when you go out for deer with the bow. Having a gun in the trunk of your car while bow hunting is a No-No! You do not need to wear bright colors while bow hunting. Camouflage is more appropriate.

One of the most important firearms bills ever passed in America became law in September when Gov. Ronald Regan signed the California Legislature's pre-emption act.

The Legislature made it clear that its intent was "... to occupy the whole field of regulation of the registration or licensing of commercially manufactured firearms . . . and such provisions shall be exclusive of all local regulations, relating to registration or

licensing of commercially manufactured firearms by any political subdivision . . ."

This allays one of the greatest fears of California sportsmen: that eventually there would be such a hodgepodge of city and county laws that sportsmen could not transport their firearms without violating some vague law or ordinance.

Under the precedent set by California, any laws on licensing or registration, whether old or new, will be the same for the entire state.

A State pre-emption law need not prevent political subdivisions from enacting laws pertaining to firearm use, such as ordinances forbidding the discharge of a firearm, or ordinances forbidding the carrying of a loaded firearm in public places.

Peirce School PTA Open House Nov. 12

On Wednesday, Nov. 12th, between the hours of seven and nine o'clock in the evening, Peirce School will conduct its annual "Open House" as part of its American Education Week activities.

During this time parents will visit the classrooms where displays of children's work and other school activities will be exhibited. Individual conference between teachers and parents relative to each child's progress will be held.

Room Mothers will serve as hostesses for each room, escorting and introducing the parents to the teacher.

During the evening there will be a Book Fair sponsored by the P.T.A. in the cafeteria of the school where parents may purchase books from a wide assortment of children's books from many publishers in all price ranges. The purpose of the Book Fair is to help spur student interest in reading and to help them to build a home library at a reasonable cost.

Refreshments will be served in the cafeteria during the course of the evening.

Now We Understand

In this week's column, I would like to expound on my philosophy to a self imposed question, "Is my government trustworthy and fair?"

I am choosing this subject at this time because, we are preparing to elect men and women to important town offices for the ensuing years and I am sure that so many of us stagger in making our choice. To many, road signs, glamorous advertising, and catchy phrases are the converters. To another group, party affiliations may be the determining factor. To the sound thinker, logic and a record of the incumbent are all that is needed. To the latter group, the party banner does not render the voter blind but rather, he seeks to protect the administrative salvation of his community.

There are some who believe that no so-called politician is honest, and the term politician is used in a derogatory sense. There are others, who are such staunch supporters of a candidate that they believe he can do no wrong. Sincerely, both of these factions have a "No." answer to the question "Is my government fair?" Primarily this "No" is a result of the voters' inability to understand, not because they are unintelligent but because they are never close enough to any particular situation to understand.

Recently at a public hearing involving an alleged health situation, I was accused of collusion with a certain owner and was told that I would never know about the true health hazards as they existed, because I had never been on the property. As a matter of record, I had been there at least once each week for the past eight weeks. Absolutely nothing could have convinced that voter, that honest government was being practiced because, he didn't want it that way regardless, even though I had made repeated proposals to correct the situation in each of my visits.

If you want your government to be honest, then you must first be honest with yourself. This honesty must transcend any personal reward for a favor given or a favor expected. This statement is applicable to both the voter and the elected official. Knowing what we can not do is as important to our future as knowing what we can do. We must guard against seductive temptation to place politics over community purpose.

This personal honesty which you have vowed for yourself is directly reflected in your choice of candidates. If you have been honest enough in your choice, then the result will be an honest administration. Just as you have weighed the situation, so too, will you have elected a representative who will pass each judgment on a nonpartisan and fair basis. He will have well remembered that there are two sides to every question.

So start to make your analysis for not only your own favor, but that of your community and you will be the winner. Does your

candidate consider himself bigger and greater than the institution which he represents? Does he alone take credit for those accomplishments which attract the greatest interest and forget those who were a part of it? Or, is your choice, the candidate who works on a constructive basis with modesty, courage and efficiency? Is your candidate, one who has used his office as persuasion to control certain real estate transactions for corporate gains, which "boils down" to personal profits? Or, is your candidate one who has spent his entire term in office pledging his entire effort to your community purpose? Is your candidate one who has taken advantage of his office to grant certain licenses as political favors or to interests outside of our town? We are still waiting for adjudication in an unfortunate incident involving one, of these. Or, is your candidate one who doesn't forget that "Hometowners" should always come first in the granting of licenses. Is your candidate one, who forgets social and civic functions on certain occasions when administration should represent the town? Or is he one, who has always been faithful? If your candidate one, who avoids responsibility or is he, one who expresses himself as a natural leader?

Yes, I have alluded to the two candidates for the office of selectman, in helping you to better understand. But, the same and/or similar analyses can be made of all the candidates. With some, the comparison will show similarity, but usually only one "stands out." If you have doubts, I suggest that you invite candidates to come to your home or to your club.

Again, I write that if you believe your government is not honest and fair, then you have yourself to blame in part. Refer to history and you will find that "No Government has ever ruled continuously against the will of the governed." If, your conscience pleads for a trustworthy and fair government, then surely your conscience should decide your vote.

Volkswagen introduces Medi-car.

We don't change our car outside each year to make it look different.

But we constantly change it inside to make it run better. And last longer.

This year, we're introducing the biggest change of all: A system to spot trouble early. And help extend your car's life even longer.

Medi-car.

When you buy a new VW, you get a series of 4 free check-ups where we use special diagnostic equipment to check out just about everything that can affect your car's health.

Getting each check-up is like getting an X-ray.

Our special equipment can see things no human eyes can.

In fact, it's so advanced, it can actually spot problems before they can become real problems.

Let's say the resistance in your spark plug wires is too high.

(Unchecked, that can eventually foul your plugs and cut gas mileage.)

During a normal check-up, no mechanic alive could spot that problem.

But our Medi-car equipment would.

Volkswagen Medi-car: It's a whole new way of life.

VETERANS IN COLLEGE

Veterans in college under the G. I. Bill today were offered a check list by the Veterans Administration to be sure their G.I. checks arrive on time, at the right place and in the right amount.

1. Turn in your Certificate of Eligibility to the college registrar as soon as you register.

2. See to it the school official returns it promptly to VA.

3. If your checks do not start within a few weeks after the VA gets your enrollment certificate, contact your nearest VA office.

4. If you change your college or course of study, apply immediately to VA for a new Certificate of Eligibility.

5. If you change the address to which your checks are coming, notify both the VA and the Post Office.

6. Inform VA immediately of any dependency changes due to marriage, divorce, births or deaths.

7. Return promptly the Certificate of Attendance card you will receive from VA near the end of your enrollment period.

8. If you drop out of school — or even reduce your course load — tell the VA right away.

Candidates for American public office have traditionally divided themselves into two major groups. Federalists and Republicans were the earliest political adversaries. Noted cartoonist Thomas Nast created the donkey symbol for the Democrats and the elephant for Republicans shortly after the parties first opposed each other in 1856.
